Instructions: Choose at least 3 different audiences to view each of the following selections. Be sure to include specific variables for each group: income, gender, education, religion, politics, or whatever will be useful for you to discuss the selections. Create as much controversy as possible between the group views.

Gaudi: Casa Mila & Frank Lloyd Wright: Falling Water House
Who would value this architecture most and why? Who would not value it and why? How would affordability affect group views of the house? How might group lifestyle be affected by this architectural design?

Chanin and Clarke: Peter Cooper Village & Le Corbusier: Apartments
Who would value this Architecture and why? Who would choose to live here and why? How would affordability affect group views? How might group lifestyle be affected by this architectural design?
